

Authorization to Pull Your Credit

You, individually and if more than one person is applying, authorize CCU to make inquiries about your credit history, to request financial information, to obtain credit or debit reports from credit/debit reporting agencies, in connection with this account application and for any additional accounts requested. If you request it, CCU will tell you the name and address of any credit or debit reporting agency from which it received a credit or debit report on you. You also authorize CCU to provide information about its credit experience with you to other creditors and credit/debit reporting agencies. If applying jointly, you may qualify for certain loan offers based on your combined credit.
